Steven Gallo
Air-Pro LLC
2910 SW 42nd Avenue
Palm City, FL 34990

Subject: Letter of Authorization – Air-Pro LLC

Mr. Gallo:

Air-Pro LLC is an authorized distributor for Smiths Tubular Systems dba Titeflex products for Commercial and Military use.

The Air-Pro quality manual is approved as an assurance of compliance that Titeflex procedures, workmanship, records, and tests are being followed.

As a result of testing samples provided and a review of your quality system, your Palm City, FL. facility is approved as a manufacturing location for 130, 240 and 660 Series Hose Assemblies. Air-Pro is authorized to mark and direct ship FAA – TSO assemblies produced under your delegation issued by the Boston Certification Office in Burlington, MA.

Furthermore, for these three sizes ONLY, Air-Pro is authorized to complete inspections and issue FAA Airworthiness and Export Airworthiness Approvals for Titeflex product within the functions and limitations described in your FAA authorized Designee's Certification of Authority (COA).

Attached is a Production Stop Order (#261), preventing the production of any RM or 220 Series hose assemblies from the Palm City Facility. Until such time that each series and size is assembled at the Palm City facility, tested and has been deemed acceptable by Titeflex Aerospace. This is in line with the documented Phase 2 portion of the Transition plan.

If you have any questions, you may contact me at any time.

Regards,

A handwritten signature in black ink, appearing to read "Dan Douville", written over a horizontal line.

Dan Douville
Titeflex Quality Director

STS Distribution Solutions, Inc
d/b/a STS Air-Pro
2910 SW 42nd Ave, Palm City FL 34990

Subject: Authorization and Manufacturing

Hydrasearch Company, LLC is pleased to confirm the approval of STS Air-Pro as an authorized fabricating facility for hose assemblies I.A.W. MIL-DTL-8795 while utilizing Hydrasearch fittings. It should be noted that a QPL for MIL-STD-8795 does not exist.

Until further notice STS Air-Pro shall also be authorized to produce hose assemblies I.A.W. MIL-DTL-8790 while using Hydrasearch fittings. STS Air-Pro maintains a QPL for this series of hose assemblies with Hydrasearch as the fitting supplier. STS Air-Pro has been authorized to use specific Hydrasearch drawings in this process.

STS Air-Pro is bound to and responsible for all quality and testing related to items as determined by the hose assembly specifications listed above. Hydrasearch drawings are to be considered proprietary and are for STS Air-Pro use only. At no time shall Hydrasearch drawings be released to STS Air-Pro customers without advance written approval from Hydrasearch. Hydrasearch assumes no responsibility for defective hose assemblies as a result of work done at STS Air-Pro. Return for warrantee or repair will be the responsibility of STS Air-Pro. STS Air-Pro also assumes the responsibility for all application suitability for all hose assemblies produced with Hydrasearch fittings.

Regards,
